RIPACK 3000 + M

YOUR ERGONOMIC SOLUTION IN A MOBILE KIT

Discover the Ripack 3000 + M, the new Ripack kit, which will be your best ally for a mobile packing station.

Choose Ripack 3000 shrink gun power, combined with the ergonomics distributed by the S33 extension, as well as our new 936 gas bottle trolley.

This solution will be the most attractive if you have intensive shrinking needs, with pallets of various sizes. Designed to reduce the risk of Musculoskeletal Disorders (MSDs), this kit makes it easy to transport your packing station.

Equipped with a «Securipack» regulator, this kit allows you to benefit from a high level of safety and an optimal level of performance. An adjustable power from 45 to 80 kW will allow you to adapt to any type of film.
