

YOUR PROTECTION  
BY EXCELLENCE

RIPACK 3000 +  
FAST, POWERFUL AND ERGONOMIC

The Ripack 3000 + is the new Ripack innovation. The association of the flagship product, the Ripack 3000 with the S33 short lance, will provide you with optimal ergonomics allowing the reduction of Musculoskeletal Disorders (MSD) which can be caused by repetitive bending and stretching during intensive work.

Get precision work, especially with the Ripack technology of short and rigid flame. Its 360° rotating nozzle remains removable. Its new enlarged combustion, with a wider heating zone, saves you working time.

Equipped with a Securipack regulator, this gun allows you to benefit from a high level of safety and also an optimal level of performance. Its adjustable power from 45 to 80 kW makes it possible to adapt to any thickness of shrink film.

TECHNICAL SPECIFICATIONS

<b>Power</b>	45 to 80 kW
<b>Pressure</b>	1,5 to 3,5 bars
<b>Gas consumption</b>	from 3,06 to 5,41 kg/h
